

Workflow for Moving Scheduled Cesarean Deliveries from L+D to Feldberg Main OR During COVID-19 Pandemic

- **Goal:** To deflect L&D case volume during COVID-19 pandemic.
- **Flow:** Starting 3/26/2020, the 8 am 10am scheduled cesarean deliveries will be moved to Feldberg OR 2.
- **Briefing** will be carried out on L&D including;
 - OB attending: identify a backup attending if needed.
 - Physician Assistant or OB Resident
 - Anesthesia Attending and Resident
 - Resource RN
 - Primary nurse
 - Baby nurse
 - Scrub tech
- **Emergency Backup:**
 - NICU dial x7-1122 “NICU STAT to Feldberg OR room 2”
 - OB MD dial x7-2295 “coordinating MD stat to Feldberg OR room 2”
 - Anes MD press STAT PAGE on phone “anesthesia STAT to room 2”
- **Transport:**
 - Anesthesia attending, Anesthesia resident, Primary OB, PA/OB resident, primary RN, and baby RN will transport the patient on PACU stretcher directly to OR 2.
 - The support person will be with the team and dressed in OR attire.
 - Support person will wait on bench in front of Feldberg elevators
- **Recovery:**
 - At the conclusion of the case, the patient and the support person will be brought up to L+D by one anesthesiologist, one Physician’s Assistant, and primary RN. The mother could hold the newborn or place the baby in the crib.
